Dear Friends,

January, 2023

Good evening from Lagos, Nigeria, while I'm at home today, on September 29, 2022. I arrived last night from Abuja, capital of Nigeria, where I was ministering for several days. Recently, I was away in Ghana for almost two months, ministering all over the country, and also dedicating three more of the churches we're helping build in northern Ghana.

JESUS STILL SAVES, HEALS, DELIVERS, AND SETS FREE TODAY!

I was also in the U.S in May and June, ministering in many churches, and also spending time with my son and his family. I'm in twelve or more different countries every year. Thanks with all my heart for praying for me, and giving your offerings to help support the work here in Africa.

Please remember my four prayer points: **God's Anointing**, **God's Provision**, **God's Protection**, and **God's Strength**. I really need them all the time, for I'll soon be in southern Africa again, to minister in the countries of Zambia, Zimbabwe, Swaziland (now called eSwantini), Botswana, and South Africa. I really need your prayers, as I travel and minister all the time, in so many different places.

SOME RECENT AMAZING TESTIMONIES

USA - - While I was in the US in May and June, two ladies drove for several hours from another state to see me. They're sisters, and I've known their family since they were little girls in Nigeria. They both needed good jobs in the US, so I prayed for them. I heard from them later, that they both got excellent miracle jobs within the next few weeks, praise God! May you also get an excellent job, too!

GHANA - - In Ghana, we officially opened and dedicated three more of the churches we're helping build in northern Ghana, at Jininsa on July 30, at Mimima on August 12, and in Jonshegu (Tamale) on August 13. We've started helping new ones at Jainania (No. 113), at Gnani (No. 114), and Zaangum (No. 115). We're actually helping four others right now, in various stages of construction at Kankidina (to dedicate on January 7), at Karaga (on January 14), and Zabzugu (on January 21), and Lampoga (July 2023).

UGANDA - - Every year for over twenty years now, when we minister in Uganda, we've stayed in the home of our very dear friends. The lady suffered from a very serious case of COVID last year. She was in the hospital, even in ICU for several weeks. The doctors told her family that she was likely to have a lot of damage to her heart, kidneys, etc., and she might die. God did a big miracle, and she's fully recovered! Jesus still heals today, and He'll heal YOU, too

NIGERIA - - A pastor's son fractured his wrist at school, and the doctor put it in a plaster cast (POP), to be there for several weeks. He prayed a lot for a quick healing, and one night, about a week and a half later, he was praising God for his healing. He got up in the night, and went in the kitchen to get a knife, to very carefully cut off the plaster cast. His wrist was totally healed, and an x-ray proved it!

USA - - While I was in the US in May, I was in the capital, Washington D.C., and visited the Ghana Ambassador to the U.S. I thought I might have a short time with her, but we actually spent three whole hours together! She's

from the area where we lived for our first thirteen years in northern Ghana (1967 to 1980), and we've helped build a church in her home town! She remembers meeting me, when she was a little girl, and she's seen many of the churches we've helped to build. I had a chance to pray for her and her family, give her a copy of our beautiful "Thought for the Day" calendar, and a copy of my latest book, "My Heart is in Africa."

GHANA - - In Ghana this past August, we had a terrible car accident! It was after dark, and raining very heavily on a main road in the North, coming from a church dedication. We had just turned off the road, to stop at a station till the rain slackened.

The driver of a 30 passenger bus lost control after passing a taxi, and the brakes failed, making it crash into the side of my car, pushing it into a cement gutter! Our brakes worked fine, and we stopped just an inch or two before falling into a deep hole under the gutter! It was a big miracle that my faithful driver and I weren't hurt, or any of the passengers in the bus!

The car was lifted up and towed to a good mechanic shop the next morning, and completely restored in the next few days, so we could continue all the traveling. Angels were with us, for sure, as it says in Psalm 91:11, "For He shall give His angels charge over you, to keep you in all your ways."

USA - - My good friend in USA told me about his 103 year old grandmother in another state, who recently had a stroke. She loves to pray, and Jesus touched her! She can walk and talk again, feed herself, etc. God is blessing her with long life, and He can give you long life, too!

PERSONAL NEWS

On August 7, I celebrated my 83rd birthday in Walewale, Ghana again, the first place we lived in Africa, so many years ago.

Our "Thought for the Day" calendar for 2023 is ready, our 32nd year to print it, and I hope you can get a copy. If you send me a note by E-mail or WhatsApp, we can try to find a way to get a copy to you.
