Dear Friends,

January, 2021

Good morning today, on **Monday, October 18, 2020**, while I'm at home in **Lagos, Nigeria**. I came back to **Africa** in the middle of **August**. It was great to be able to fly to **Nigeria**, even though the airports were still closed at that time. I was able to join one of the evacuation flights for **Nigerians**, nonstop from **Houston to Lagos**. It was a big miracle for me, and I praised **God**, as so many people were praying!

Thanks for your prayers, and thanks for giving your offerings for the ministry! I also pray for YOU!

GOD IS BIGGER THAN EVERYTHING, INCLUDING COVID -19 !!!

AMAZING TESTIMONIES

NIGERIA - I prayed for the sister of a man, who gives his offering every month for the ministry here. She came from another part of the country to see me, when I ministered in his church last year. She asked me to pray for her to have a baby, and it seemed impossible.

God has answered, and after ten years of marriage, her miracle baby will be born in a few days. She and her husband are smiling! **God** still does miracles, and your own testimony may be the next one!

GHANA - During the months of the pandemic, we've continued helping build churches in northern Ghana, and have finished several of them in villages, like **Zanguwa, Kasape, Konchin-Gberuk, Binde, Jandered, and Gberuk-Kunkouk**. **God** used a lady in **Ethiopia** to help build the whole church at **Bindel**

TANZANIA: My friend, who has a shop in the crafts market in **Dar Es Salaam**, is always happy when I come to her shop to buy beautiful little hand-carved elephants, rhinos, giraffes, etc., When I ministered in her church for three days in March, she testified about how **God** helped her to get a car this year!

USA-While I was in the **US** for several months during the pandemic and lockdown, when churches, schools, businesses, etc., were closed, I prayed with several people to give their lives to **Jesus**. One of them was a young man who helped me take my groceries to the car, and put them inside. He was so happy that day, and other times when I saw him later! Others were healed, as I prayed over the phone with them, and also in person. Always be ready to pray, and share the love of **Jesus** everywhere!

GHANA-We've started working on two more churches in northern **Ghana** in **August**, in the towns of **Kankidina (Church No. 94)** and **Datuku (Church No. 95)**. Right now, they're working to put a roof on the church in each place, after long delays due to heavy rains and flooding. As people keep on giving their offerings in many places, we can help others, too!

NIGERIA - I've made videos of sharing testimonies, singing, and ministering the **Word** for several churches and conferences lately, and they've have been watched in many different countries.

A lady in **England** sent a message, saying she's from **Kenya**, and was thrilled to hear me sharing a really fantastic testimony from **Kenya**!

A man in **Nigeria** sent his testimony, after seeing me pray for healing, and I told people watching to lay their hand on any part of their bodies that needed healing. He said he laid his hand on his liver area, as his doctor had seen a rapid rise in levels of a number of liver enzymes in his blood work. He was on treatment, and was experiencing pain in his liver area.

Praise **God**, after I prayed, all the pain was gone, and another test showed a big improvement in the levels of his liver enzymes! Healing is real!

GHANA – When I couldn't fly to **Ghana** at my usual time in the middle of July till the end of August, it was really hard on me. But there weren't any international flights from **March 23** till **Sept. 1**, so I had to give up. But the dedications of the new churches we've helped build in the **North** went ahead! I received pictures the same day of each one!

The church in the town of **Biu** was first, on **August 2**, then a village church at **Konchin-Gberuk** on the same day, then a church in the town of **Gbimsi** on **August 8**, then in the village of **Gberuk-Konkouk** on **Sept. 8**, and another one in the town of **Kukpalgu** on **Sept. 26**. **God** is amazing, and His work will get finished!
